

## I. AMENDMENTS

### In the Claims:

Please amend Claims 1-10 and 12-16 as follows:

RECEIVED  
OCT 25 2002  
TECHNOLOGY CENTER R3700

1. (Twice Amended) A drug product, comprising:  
a drug formulation comprising a mixture of a least a drug and a HFA propellant;  
a pressurized container filled with said drug formulation;  
a flexible package being adapted to sealably receive said pressurized container; and  
a moisture absorbing material disposed within said flexible package.
2. (Twice Amended) The drug product of Claim 1, wherein said pressurized container is  
a component of a metered dose inhaler.
3. (Twice Amended) The drug product of Claim 1, wherein said drug comprises  
albuterol sulfate.
4. (Twice Amended) The drug product of Claim 3, wherein said HFA propellant  
comprises HFA-134a.
5. (Twice Amended) The drug product of Claim 2, wherein said moisture absorbing  
material comprises a desiccant.
6. (Twice Amended) The drug product of Claim 5, wherein said desiccant comprises a  
material selected from the group consisting of nylon, silica gel, zeolite, alumina, bauxite,  
anhydrous calcium sulphate, activated bentonite clay, water absorbing clay, molecular sieve and  
contributions thereof.
7. (Twice Amended) The drug product of Claim 6, wherein said desiccant is disposed in  
a nylon mesh sachet.
8. (Twice Amended) The drug product of Claim 7, wherein said nylon mesh sachet is  
loose within said flexible package.
9. (Twice Amended) The drug product of Claim 7, wherein said nylon mesh sachet is  
fixedly attached to said flexible package.
10. (Twice Amended) The drug product of Claim 6, wherein said desiccant is in the form  
of granules or beads suitably large in size to avoid clogging a valve in said metered dose inhaler.
